- Designing the structure , UI of the pages and intergrate Api's.
- Making the required changes suggested by client

PROJECT

KANVAS MEDICAL GROUP

The website offers a comprehensive treatment booking service, allowing individuals to schedule medical appointments with ease, while also providing an option for students to conveniently purchase courses to learn treatment.

FACES

The platform, designed with user convenience in mind, facilitates seamless access to healthcare services by offering an efficient and user-friendly skin treatment booking service that streamlines the process of scheduling medical appointments, ensuring individuals can receive the care they need promptly.
